Every individual shall assume all risk for potential injury. No guarantee or warranty is made or implied as to the safety, condition, suitability or fitness of the bikeways and other routes shown herein. Road and bikeway conditions are subject to change. April 01, 2015

2 Whenever there is a bike lane, a bicyclist must use it when moving slower than normal traffic speed. Leave the lane only:

- When necessary to pass another bicycle, vehicle, or pedestrian.
- When getting ready to turn left.
- When necessary to avoid parked cars or other objects.

3 Keep at least one hand on the handlebars. Bicyclists must ride on a permanently attached seat. Carry no passengers unless there is a separate seat.

A passenger must ride on a separate seat – never on handlebars. A youngster four years or younger, or weighing 40 pounds or less, must ride on a seat which holds the child in place and protects the youngster from moving parts. The child must also wear an approved helmet.

Night Riding
Bicycles must be equipped with the following:

Lights:
A white head lamp, attached to the bicycle or rider's body, visible from 300 feet to the front and from the sides.

- Reflectors:**
- Red rear reflector.
 - White or yellow reflectors on front and back of each pedal.
 - White or yellow reflectors on each side forward of center of bike.
