Paul J. Hahn, Agency Administrator

## County of Sacramento

February 24, 2010

### Meeting Notice

**SUBJECT: Victory Avenue (Stockton Blvd. – Elsie Ave)  
Neighborhood Traffic Management Program**

Dear Resident/Property Owner:

The Sacramento County Department of Transportation has received a petition from residents in your neighborhood requesting speed controls through our Neighborhood Traffic Management Program (NTMP). A neighborhood meeting has been scheduled to receive input from residents and to develop a traffic management plan for Victory Avenue. The meeting information is listed below.

**Date: Wednesday, March 10, 2010**  
**Time: 6:00 p.m.**  
**Location: Florin Service Center**  
**7000 65<sup>th</sup> Street Sacramento, CA 95823**

It is very important that you participate in this process during the development of the traffic management plan by providing your input via attending the meeting, calling, or sending an email. After a traffic plan is developed, a ballot and a copy of the plan will be sent out to both residents and property owners to determine if there is enough support from the neighborhood residents to move forward with the plan. The Board of Supervisors (BOS) adopted NTMP process requires that 50% of residents respond to the ballot and the majority supports the traffic management plan. If the neighborhood achieves the minimum response and approval rates, the plan will be considered by the BOS for final approval and leading to construction.

We highly encourage you to attend the meeting to provide input into the development of the traffic management plan. If you have any questions or are unable to attend the meeting, please contact Kimberly Slavich at 876-5422 or [slavichk@saccounty.net](mailto:slavichk@saccounty.net) and provide us with your input regarding the proposed traffic plan. For more information on the NTMP, please visit the NTMP website at [www.sacdot.com/NTMP](http://www.sacdot.com/NTMP).

Sincerely,

Lu Li  
Senior Transportation Engineer  
Department of Transportation
